Town Garage Sale

The Kimba Community Development Group (KCDG) is excited to host Kimba's first townwide garage sale, with homes and businesses across town taking part.

A big thank you goes to Janelle Unsworth for all her work before handing the reins over to the KCDG.

If you'd like to host a garage sale, we'd love to hear from you.

If you're not selling, mark the date in your diary and get ready to go shopping!

Kimba Community Development Group

Garage Sale

Saturday, 12 September, 10am - 4pm

List of addresses and map supplied on the day at Workshop 26 from 9.30am

Furniture, household items, clothing, books, toys and more

Kimba Community Development Group

YOUTH DRIVER AWARENESS PROGRAM 2027

This program, delivered by the Australian Driving Institute, is for ages 16-28 who hold a Learner or Probationary Licence and will be held locally in 2027.

A practical, hands-on training, the program focuses on risks, hazards, driver attitudes and behaviours, and decision making. It's a full day program and will most likely be held on a Sunday of an exeat to suit as many youth as possible.

The Kimba Community Development Group is extremely grateful to the District Council of Kimba's Community Grants Program for the significant contribution towards the costs of running this training.

Further funding is being sought, and participants will also contribute to secure their spot.

Register interest with Sharon Rodda, 0418 825 876.

Welcome Pack for New Kimba Residents

For many years now the Kimba Community Development Group (KCDG), with the assistance of the Kimba District Council, has provided new residents to Kimba with a Welcome Booklet.

The booklet includes a business directory, listings of community organisations, important phone numbers, Council's waste management, and other valuable information, along with the Kimba tourism brochure.

On an annual basis the booklet is updated. The newest update is almost complete.

If you are new to Kimba and KCDG members haven't caught up with you, please contact Heather Baldock, 0428 101 416 or Daryl Koch 0417 274 709.

MESSAGE FROM THE MAYOR

Council continues to be proactive in advocating for improved health services for Kimba.

Recently, the Northern Eyre Peninsula Health Alliance (NEPHA) launched a new website showcasing the health services available across Kimba and the wider region. I encourage everyone to have a look. It

contains a wealth of information, direct links to service providers and may surprise you with the breadth of services already available in our region. You can find details at "Nepha.com.au".

As Chair of NEPHA, I recently presented at the South Australian Rural Health & Education Conference in Port Lincoln, sharing our community engagement journey, what we learned, and how those lessons translated into practical action and outcomes. Alongside our CEO, Deb Larwood, it was an excellent opportunity to build networks, exchange ideas and bring valuable knowledge back to our community.

While there has been progress, our Council will not rest until we secure permanent GP services for Kimba. We appreciate the Eyre and Far North Local Health Network's support in coordinating emergency locum services over recent years, but this has always been a temporary solution. We continue to pursue every possible avenue to achieve a permanent outcome. I've used every connection available to me, including discussions with Health Minister Blair Boyer and Premier Peter Malinauskas, to keep Kimba's needs firmly on the agenda. I'm optimistic we will have positive news to share in the near future.

Many of you will have seen that the Local Government elections, originally scheduled for November this year, have been postponed until April 2027, with the following elections returning to the usual November cycle in 2031. This decision was made by the State Government and was outside the control of councils or the local government sector. While the change is

disruptive, we are committed to ensuring the transition occurs as smoothly as possible. The State Government has also confirmed that supplementary elections will not be held should an elected member resign during this extended term. Despite the inconvenience, I remain confident our Council will continue to operate efficiently and effectively.

I'm pleased to report that construction of our new two-bedroom unit at the Kimba Pioneer Memorial Village has now been completed and delivered. This is another important step in our ongoing program of upgrading the village. The new unit achieves a seven-star energy efficiency rating and provides an attractive option for residents looking to downsize or move into lower-maintenance accommodation while remaining in our community.

Work also continues on the Frick Street subdivision, with water and electrical connections now scheduled in our forward works program. The development will create seven residential allotments, including three reserved for State Government housing to support public sector employees. Increasing housing availability remains one of the biggest challenges facing regional communities, and this project is an important investment in Kimba's future.

A number of other projects are now underway across the district. Landscaping has commenced at Council's West Terrace property, commonly known as the doctor's house. We've ordered a new automatic baler to improve our cardboard recycling operations, and recently completed the clean-out and expansion of the water harvesting system at Mayfield Court following Council's purchase of this land last year. We are now actively seeking grant funding to connect this water supply to the recreation reserve, allowing it to be used on the oval and surrounding gardens. This will significantly improve our long-term water security, particularly during dry periods, while reducing the ongoing cost of irrigating these high-use community spaces.

I'm pleased to report that plans have now been approved for the new wombat crossing on North Terrace, providing a much safer crossing

point for students travelling to and from our school.

Finally, I'm excited by a new initiative being led by the Eyre Peninsula Local Government Association (EPLGA), bringing together council staff from across the region into "Communities of Practice". Officers with similar responsibilities such as governance, communications, finance and planning, are now regularly collaborating, sharing expertise and solving common challenges together. It's an excellent example of regional councils working beyond traditional boundaries to build capability and deliver better outcomes. I believe this pioneering approach has enormous potential and, in time, could become a model for other regions across South Australia.

As always, thank you for your continued support and interest in the work of your Council. We remain committed to delivering practical outcomes that strengthen Kimba today while planning confidently for our future.

NEXT COUNCIL MEETING

The next two Council meetings will be held on **Wednesday 12th August 2026 at 2pm and Wednesday 9th September 2026 at 2pm** in the Council Chambers. All members of the public are welcome to attend.

DECLARATION OF RATES 2026/27

Declaration of Rates for the 2026/27 financial year was carried at the June Council Meeting, with part or full rates & charges payable on or before the following dates;

- **1st Instalment Tuesday 8th September 2026**
- **2nd Instalment Tuesday 8th December 2026**
- **3rd Instalment Tuesday 9th March 2027**
- **4th Instalment Tuesday 8th June 2027**

FIRST RATES PAYMENT DUE DATE

Rate notices for the 2026-27 financial year have now been sent to owners of all rateable properties in the District Council of Kimba Local Government Area. Rates were either emailed or posted depending on ratepayer preference. If you opted to have your rates emailed, please keep an eye out for them in your inbox or your junk mail. Please contact

Council if you think you have not received your notice.

Ratepayers are reminded that the first quarterly instalment is due to be paid by Tuesday, September 8, with a 2.5% discount available until this date for those who wish to pay their rates in full.

If you would like to change the way in which you are receiving your notices or have any queries about your rates, please contact keely.westhoff@kimba.sa.gov.au.

LOCAL GOVERNMENT ELECTIONS

South Australian Council Elections Deferred to April 2027

The South Australian Government has officially deferred the 2026 Local Government elections, with voting now scheduled to conclude on Wednesday, 7 April 2027.

The decision follows advice from the Electoral Commission of South Australia (ECSA), which recommended additional time to implement improvements to election systems and processes following the 2026 State Election. The deferral is intended to ensure the next council elections are delivered efficiently, securely and with confidence.

What does this mean for our community?

Current elected Council Members will continue to serve until the deferred election is held in April 2027. This ensures continuity in local decision-making and allows Council to continue delivering services, projects and community initiatives without interruption.

Updated election timeline

The Electoral Commission has released a revised election timetable.

Key Dates:

- **Roll close:** 5pm Monday, 4th January 2027
- **Nominations Open:** Tuesday, 26th January 2027
- **Nominations Close:** 12pm, Tuesday 9th February 2027
- **Voting material mailed to electors:** From Thursday, 11th March – Wednesday, 17th March 2027
- **Close of voting:** 5.00 pm, Wednesday, 7 April 2027
- **Scrutiny and Count:** 9am, Saturday, 10th April 2027

Residents are encouraged to ensure their enrolment details are up to date ahead of the

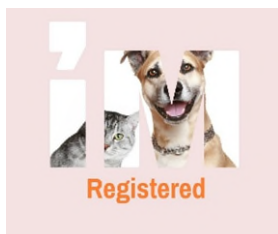

election. Voting in South Australian council elections is conducted by post, so it is important that your postal address is current.

DOG & CAT REGISTRATIONS

There is less than a month left to register your pet!

When you get a spare 5 minutes, please remember to register your dog and or cat/s online at <https://dogsandcatsonline.com.au>

Alternatively, come into the Council office and have one of our friendly staff members register for you.

Registrations are due on the 31st August, after which time all unregistered animals will automatically incur a **\$25 late fee**.

If you have any questions, or require further assistance please visit the Council office or contact keely.westhoff@kimba.sa.gov.au.

PLEASE PICK UP AFTER YOUR DOG

Council is reminding all dog owners to please clean up after their pets when using our footpaths, parks and other public spaces. Recently, Council staff have had to remove dog waste left on footpaths, creating unnecessary work and an unpleasant experience for other residents.

Carrying a dog waste bag and disposing of it in a rubbish bin is a simple way to help keep our town clean, safe and enjoyable for everyone. Council thanks the many responsible dog owners who already do the right thing and encourage everyone to help keep our community looking its best.

NORTHERN EYRE PENINSULA HEALTH ALLIANCE

Northern Eyre Peninsula Health Alliance (NEPHA) has launched a new online healthcare information service to make it easier for residents to find the health services they need. Visit nepha.com.au to access a directory of local service providers, a visiting healthcare calendar, health and wellbeing news, and

information on local events and updates. The service supports communities across Cleve, Cowell (Franklin Harbour), Elliston, Kimba, Streaky Bay and Wudinna.

A regional initiative by the Northern Eyre Peninsula Health Alliance (NEPHA), representing the districts of Cleve, Cowell (Franklin Harbour), Elliston, Kimba, Streaky Bay and Wudinna.

PLAYGROUND SAFETY REMINDER

Parents and guardians, we ask for your help in keeping our playground a safe place for kids to enjoy. We've noticed some loose furniture has been moved and used as play equipment, which has resulted in damage and creates a safety risk.

This furniture isn't designed for climbing or play. Please help by ensuring children use the playground equipment as intended and leave furniture where it is.

Thanks for helping us look after this space for our kids and our community.

FIRE PREVENTION

Council is encouraging all residents to begin preparing their properties now for the upcoming Fire Danger Season.

This year, fuel loads across the district are

extremely high due to abundant vegetation growth, significantly increasing the potential intensity and spread of any grass or scrub fire. Taking action early is one of the most effective ways to reduce this risk and help protect your property, your neighbours, and the wider community.

Residents are encouraged to reduce fuel loads by mowing, slashing, spraying, or otherwise managing long grass and vegetation well before the Fire Danger Season begins.

If you would like Council to provide a quotation to assist with these preparations, please contact the Council Office on 86272026. Early preparation will help reduce fire risk and contribute to keeping our community safe throughout the fire season.

KIMBA BRANDING

The Kimba brand is yours. Come and use it. Back in 2023 we captured the Kimba story in our own place brand, and now everything you need to use it lives in one easy spot online.

The brand is more than a logo. It is a shortcut that tells people, at a glance, that something is proudly from here. When a visitor spots the Kimba logo on a jar of local honey, a market stall or a shop window, they know they are backing a real place and real people. It is the same idea behind the Australian Made kangaroo, and every time it turns up out in the world it builds a little more recognition for the town we all call home.

The best part is that you do not need to run a business to get involved. Sporting clubs, community groups, event organisers and proud locals are all welcome. Pop it on a flyer, add it to your email signature, stick it in your shop window, or use our photography in your next project. A local business recently used our brand photography to create a beautiful book about Kimba, which was a wonderful reminder of what is possible when the brand gets out into the wild.

Online you will find the guidelines, our photography library, poster samples, logo files and the Kimba brand video, plus a short form to apply for what you need. One quick tip: if you already have your own logo, the Kimba logo works best sitting alongside it as a friendly stamp

of where you are from, rather than stealing the show.

So take a look, grab what you need, and help us show the rest of the country why Kimba really is a community to shout about.

Explore the brand assets: www.kimba.sa.gov.au/community/kimba-place-brand

JP APPOINTMENTS

Council has three Justices of the Peace, CEO Deb Larwood, Deb Kemp & Ashleigh Inglis. If you are requiring the services of a JP, please ensure you ring the Council Administration Office in advance, and they will make an appointment time for you. These services are provided both voluntary and free of charge, therefore all appointments must be booked in to avoid missing out.

Summer-Autumn weed control

Our Landscape Officers and contractors worked over the last six months to control summer grasses such as Buffel grass, African lovegrass, Fountain grass, and other declared weeds such as Gazania and Silverleaf nightshade across more than 67km of roadsides within the District Council of Kimba.

We encourage private landholders to keep alert to the rise of Gazania and African boxthorn during the winter season and control any infestations while they are actively growing.

New Grass Roots Grants awarded

The EP Landscape Board has funded 19 new community-led projects through its Grassroots Grants program 2026.

The projects to progress over the next 12-18 month, will deliver a range of on-ground outcomes, including pest plant control, community workshops and protection of sensitive habitats across the region.

At Kimba, two projects have been proudly awarded more than \$27,500 based on their strong applications:

- **Kimba Show Society** will deliver a series of workshops and resources aimed at reconnecting the community with sustainable food production and land stewardship.
- **Eyre Business Enterprises** will transform an existing Kimba shed into a community native plant propagation hub, fitting out infrastructure and running workshops, giveaways and public launch activities.

We look forward to seeing the amazing outcomes that these projects will bring for the community of Kimba.

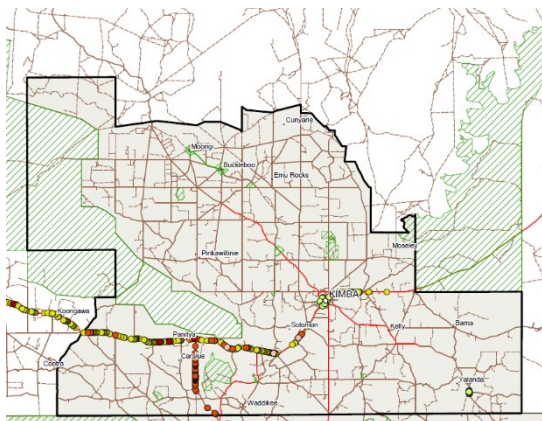

Figure 1: Summer-Autumn Weed control in Kimba District Council area.

Aerial Goat Control 10-18 August

The Eyre Peninsula and SA Arid Lands Landscape Boards are undertaking a combined aerial operation targeting feral goats and deer on authorised private properties and conservation reserves in the eastern and western Eyre Peninsula, and the Gawler Ranges.

All landholders in or near these areas have been sent letters about the program advising of the locations and likely helicopter action during this time.

The increase of feral goats population causes environmental and agricultural impacts. Thanks to the Landscape Priorities Fund, we can undertake this program to help landholders control goats in hard to-access areas.

H5 Avian Influenza readiness

According to official information, over 40 cases have been confirmed to date in SA, including one case in the Eyre Peninsula region. Regional preparedness, response and recovery are priorities for the Dept for Water and Environment.

Early detection is critical, and South Australians are encouraged to remain vigilant. If you see sick or dead birds or other wildlife, do not touch them. Avoid contact. Record what you see. Report it to the Emergency Animal Disease Hotline: 1800 675 888.

Come and see us at the Cleve Field Days

We are getting ready to participate in the upcoming Cleve Field Days (11-13 Aug) and will have information and activities to share with the community, including a special Boxthorn puller operation demonstration.

If you would like to learn more about our upcoming projects and how to get involved, look for our stand.

Figure 2: Kimba Show Society Secretary Amy Wright and Pavillion Coordinator Dale Baldock, leaders of Grassroot grant project awarded 2026

KIMBA PARENTS GROUP

WELCOME NEW ARRIVALS!

Congratulations to Liz Cash and Max Willmott on the arrival of baby Ivy, Nikki Schubert and Dylan Beinke on the arrival of baby Ruby, Lateisha and Zane Stutley on the arrival of baby Eli, and Krystal and Keven Dart on the arrival of baby Freddie.

Kimba Parents' Group hosts regular catch-ups over a coffee and some toys at the CAFHS building on West Terrace, right next to the Council office. It's a safe space for all mums, dads and kids and its a great place to get out of the house for awhile!

BABY BOOM AT SECRET ROCKS

Supplied by Katherine Moseby and John Read

Great autumn and winter rains have triggered breeding in many of the rare wildlife species at Secret Rocks, especially inside the fenced predator and goat free enclosure.

Malleefowl are busily working their mounds and in the past couple of weeks we've detected pouch young in our two rarest species, the numbat and the red-tailed phascogale.

But without doubt the most spectacular response has been by our little Shark Bay bandicoots.

In 2021 we introduced 15 of these tiny 250 g bandicoots back to Eyre Peninsula for the first time in over a century.

Shark Bay Bandicoots are the smallest bandicoot species in Australia and live under a shallow scrape covered in leaf litter under shrubs. They have two young at a time that they carry in their pouch before depositing in the nest when they get too large.

The bandicoots have thrived inside our 4000 ha enclosure in the absence of cats and foxes, withstanding dry times and booming now that there are plenty of seeds and insects to eat.

Our current estimate is over 400 bandicoots just in the original 900 ha fenced area (Middleback Paddock) around Secret Rocks. Anyone visiting and exploring the walking trail should see their distinctive little diggings and bird-like tracks in the sand.

But Secret Rocks isn't a zoo. Our ambition is to allow bandicoots and other species to colonise surrounding areas. Who knows, if we get regional fox and cat numbers low enough they may eventually reach the Roora Walking Trail!

To assist their dispersal we have already moved over 70 bandicoots into our larger 3000 ha southern fenced paddock built after the 2019 fires. This fence has large-diameter netting which the bandicoots can easily walk through. We have already seen bandicoot diggings outside our fence on the northern and southern sides.

We are trialling new one-way gates, triggered by edgeAI cameras, to let bandicoots out of our rabbit proof Middleback paddock but not let feral pests back in.

We've also taken some bandicoots to the Sturt National Park where they will, hopefully, found a new population at the Wild Deserts project.

OUR TOWN KIMBA

Have you seen Dom around lately?

After recently completing her 3 month social work placement with Our Town, we loved having her here so much that we just couldn't let her go!

We're so excited to officially welcome Dom to the team! You'll now find her here on Wednesday's and on into the arvo hanging out with the kids at Youth Hub. During her placement, Dom built such wonderful connections with our community and embraced everything that Our Town is all about. We feel so lucky to have her on board!

Receipe of Life

After hearing that young people in our community were keen to learn how to cook, Monique came to us with a fantastic idea and we're so glad she did!

Our cooking sessions for 12-24-year-olds are about so much more than preparing a meal. Participants are learning practical life skills, including cooking nutritious, budget-friendly meals, building confidence in the kitchen and gaining skills they'll use for years to come. We've loved seeing these sessions grow and hearing the positive feedback from everyone involved. One of the best parts? The delicious meals prepared together are now being shared with members of our community who could benefit from a ready-made meal.

If you know someone who would appreciate a prepared meal, we'd love to hear from you. You can nominate them by sending us a message through Our Town's Facebook Messenger or by texting us on 0499 272 024.

Cooking Sessions are on Tuesday's at 3.30-5.15pm.

It's been wonderful to see young people building skills, friendships and giving back to the community all through the simple act of sharing a meal.

A place to connect

We've loved seeing the Probus community group making use of our space for their regular meetings! It's wonderful to see our hub being enjoyed by local groups and bringing people together.

If you're looking for a welcoming space to host meetings, workshops, or community gatherings, we'd love to hear from you. Get in touch to find out how you can use our space!

Baby Sensory

As Esther returns to work after welcoming her beautiful baby, she'll be handing over her much loved Baby Sensory Sessions.

Esther has created something truly special for our littlest community members. These sessions have been so much more than sensory play they've provided a welcoming space for parents and carers to get out of the house, connect with others and build lasting friendships. We're incredibly grateful for everything Esther has poured into these sessions. At Our Town, we couldn't imagine these sessions coming to an end, so we're excited to share that they'll be continuing once our supplies have arrived.

Siblings are more than welcome to come along too!

Keep an eye on our Facebook page for the official start date. We can't wait to see you there!
