3. Definitions

Behavioural Standards for Council Members are the Standards established by the Minister for Local Government, as published in the SA Government Gazette, specifying standards of behaviour to be observed by all Members of councils;

Behavioural Management Policy is the Policy the Council is required to adopt pursuant to section 262B of the Act relating to the management of behaviour of Members.

frivolous is a matter that lacks substance or merit, is of little weight or importance, and/or lacking in seriousness;

A frivolous complaint may be one that:

- is trivial in nature; or
- has no serious purpose or value; or
- is sufficiently meritless that further action would be a waste of time or cost; or
- the extent of the complaint is out of proportion to the significance of the matter.

trivial means a matter of little or no importance and/or insignificant, where the person responsible for managing the complaint considers it unreasonable to dedicate resources to investigate the matter;

vexatious includes a matter raised without reasonable grounds or raised for the predominate purpose of causing annoyance, delay or detriment and/or to achieve any other wrongful purpose.

A complaint may be regarded as vexatious if it:

- continues to pursue a complaint that has already been addressed without providing any new information that warrants further action; or
- fails to provide additional information which would be likely to be available, relevant to and supportive of, the issues raised in the complaint; or
- comprises or includes lies or provides misleading information to the person responsible for managing the complaint.

4. Values

The Members of the Council commit to the following values:

Honesty	we will speak and act truthfully and openly. Whilst Members may disagree with the contributions of other Members at times in the Council's decision making functions, all discussions and debate on such matters will be respectful and inclusive. Disagreement on items for decision by the Council will not give rise, without anything further, to a breach of the Behavioural Standards for Council Members. We will support the decisions of the Council, as a governing body.
Integrity	we are committed to serving the best interests of the community and to discharging our duties conscientiously, to the best of our ability, and for public not private benefit at all times. We will act in a trustworthy and responsible manner, working together in giving effect to our roles and responsibilities.
Accountability	we understand the community has elected us to represent their interests at Council and in the Chamber. We commit to making responsible, reasonable decisions, that are open to be made on the facts available to

us, made in the public interest and not based on flawed decision-making processes.

Transparency we are committed to providing an open, responsive and accountable level of government and in achieving and maintaining standards of good public administration. We will be open with members of the community, to whom we represent, without otherwise breaching our obligations of confidentiality.

Collaboration as representatives of an open, responsive and accountable Council, we are committed to considering all relevant information and opinions, giving each due weight and in accordance with the Council's community consultation obligations.
